Important Information:

Past performance is not a guide to future results. Performance, if provided, is for Class A shares, reflects the reinvestment of dividends and is net of Fund level fees/expenses but not sales charges which will reduce returns. Performance for each strategy does not include fees at the Permal Fund level. Performance may be volatile and the NAV will fluctuate. Investors may not receive the full amount invested upon redemption. **Indexes** listed do not represent benchmarks for the Funds, but allow for comparison of a Fund's performance to an index. An investor cannot invest directly in an index. Index performance does not reflect fees and expenses.

Hedge funds are speculative and involve **Risk**. Fund of fund risks include dependence on the performance of underlying managers, Permal's ability to allocate assets and expenses at Permal and underlying fund. Risks of underlying hedge funds include, among others, leverage, options, derivatives, distressed securities, futures, and short sales, and investments in illiquid, emerging and developed market securities or specific sectors. Exchange rate fluctuations may affect returns. Allocations and holdings are subject to change. There is no assurance that the Fund's objective will be attained.

This material is not an offer or a solicitation to subscribe for any Fund, and is not investment advice. **Sales of shares** are made on the basis of the offering circular only and cannot be offered in any jurisdiction in which such offer is not authorized. The Fund is not for public sale in the US or to US persons and its sale is restricted in certain other jurisdictions. There are restrictions on transferring shares. Investment in the Fund may not be suitable for all investors; investors should consider risks and other information in the offering circular and consult their professional advisers regarding suitability, legal, tax and economic consequences of an investment.
